

# **MONTANA TOURISM ADVISORY COUNCIL**

## **MEETING LOCATIONS CRITERIA**

The Site Selection Committee of the Tourism Advisory Council (TAC) is looking for bids from venues and communities around the state that would like to host a TAC meeting(s). The Meeting Location Criteria is distributed to representatives of the six Montana Tourism Regions and 11 Convention and Visitors Bureaus (CVBs,) Chambers of Commerce, Cities etc. who will distribute criteria to venues in their area.

At the upcoming June 3-4, 2013 TAC meeting, the Site Selection Committee (including a representative of the Montana Office of Tourism), will review bids for the October 7-8, 2013, February 3-4, 2014, June 2-3, 2014 TAC meetings. The committee will also be reviewing bids from Helena only for the and February 2-3, 2015 meeting as the Council always meets in Helena for their February meeting during legislative years. Meetings occur the first Monday and Tuesday in February, June and October.

### **Location selection guidelines**

We encourage meeting locations that support our Montana Brand, and the Tourism and Recreation Strategic Plan. Meeting locations rotate around the state to allow communities the opportunity to introduce TAC members and meeting attendees to your area's tourism attractions or unique community assets. Communities that include an opportunity for the TAC and attendees to experience your community will receive more favorable consideration by the site selection committee. This activity is Monday evening immediately following the TAC meeting. General details of the activity should be noted in the application.

The June meeting is larger than the February and October meetings and requires a facility that can handle a higher number of attendees.

### **Guest Room Block**

A block of 50 rooms in one property or various facilities in the same area with accommodations for attendees is required. *Current State/Government rate is required for Tourism Advisory Council members and The Montana Office of Tourism staff. It is requested for Region and CVB representatives.* Hotel/airport transportation is appreciated. We request to block 5-10 rooms for Sunday night arrivals for the February and October meetings and 50 rooms for the June meeting. We request 50 rooms for Monday night for all meetings.

### **Meeting Room Requirements**

#### **June Meeting**

- Boardroom with seating for 10-15 for Sunday evening
- One large meeting room for Monday and Tuesday with seating for up to 18 with skirted U-shape table for Council members, and classroom seating for 60 – 70 audience members with front row skirted.
